

YOUNERGY IS HIRING! Solar PV Installer – Team Leader (100%)

STARTING DATE: 1st June 2018

JOB LOCATION: Solothurn, Bern, Olten

THE JOB

Reporting to the Head of Operations, the Solar PV Team Leader will support the company's installation efforts in the German speaking regions of Switzerland by:

- Heading a team of solar installers (Team) in the installation of residential and commercial solar photovoltaics projects including:
 - o Performing of detailed site survey of the project sites as required by the technical team
 - o Approving material lists per project as issued by the Tech team
 - o Installing the solar systems (mounting system, cabling, solar modules, inverters, monitoring system, etc.)
 - o Managing van maintenance and warehouse including replenishments of inventory.
 - o Reporting on project installation progress and on team performance.

WHAT WE LOOK FOR

- Experience: 2 – 5 years in solar PV residential and commercial installations
- Fluent in German (with Swiss German knowledge), able to communicate in English

WHAT WE OFFER

- Competitive remuneration
- Flexible working conditions
- Growth opportunities

ABOUT US

Do you want to participate in the decentralized energy revolution?

Younergy is about letting people harvest their own energy. We bundle energy services based on locally deployed solar systems and storage. We serve our customers through three complementary product lines: i) Solar Abo, ii) Solar Community; iii) Solar Direct.

Younergy was founded to make a difference. We want to be a key player in the transition to a more sustainable economy. We will be needing a bunch of great skills, dedication and help from people sharing the same motivation. Care to join us?

APPLICATION

Send an email to hr@younergy.ch and attach your CV. Applications welcomed in English or German.
